LaserMax is a 1/16" thick UV Stabilized, Weatherable*, 2 Ply Acrylic with a matte non-glare or brushed metal finish that can be permanently engraved and cut into any shape you require. It is available with either 2 Face Tape, pre-drilled holes or plain backed to slide into holders. It comes in a variety of color combinations. Maximum engravable sheet size is 12" x 16".

*Gold/Black, Silver/Black or Walnut/White finished colors are not recommended for outdoor use. See Metalgraph Plus below

Metalgraph Plus is formulated to provide protection against abrasion and weathering. Specially engineered for exterior use, but suitable for all interior applications. Integrated hardcoat protection. Deep brush pattern with "real" metal finish. Resists corrosion and oxidation in high moisture environments. Fingerprint resistant. Easily cleaned without surface marring. Use only soft cloths or sponges for cleaning. Can be cut into any shape you require. It is available with either 2 Face Tape, pre-drilled holes or plain backed to slide into holders. Maximum engravable sheet size is 12" x 16".

LaserMax & Metalgraph Plus is suitable for Name Plates, I.D. Tags, Branding Plates, Tamper Proof Signs and much more
