

Graphic Imprint Prices

GRAPHIC IMPRINT

- * Graphic Imprint is a process of transferring lettering, layouts or designs onto a metal plate coated with a special material.
- * Black or Red Imprint is used on Satin Gold Brass or Aluminum, Satin Silver or White Aluminum plates
- * Multi Colored Imprint is used on White Aluminum plates only
- * This process has been in use for over 20 years. The imprint has proven to be very durable and long lasting. * It is best suited for interior use. For exterior use, there are other materials and methods preferred.
